John Deere  
Conversion to 2014  
8320RT,8345RT,8370RT  
IVT Trans.

When mounting the API left front pan bracket, the bracket will need to go directly to the frame of the tractor with the John Deere step bracket mounting to the outside of the API bracket.

When mounting the API right front pan bracket, the bracket will need to go directly to the frame of the tractor with the John Deere fuel filter bracket (if equipped or if applicable) mounting to the outside of the API bracket using the top hole of the API bracket and using the provided spacer behind the top hole of the JD fuel filter bracket.

Limitations may apply. Please consult API Sales at 800-288-1117.

CONV ID: JD-8TRTIVT-1420-INB-CONV
